

The **Rainbow** Preschool  
weekly Newsletter of September 18th, 2015

---

The first week of school was a **GREAT** success!  
The students came to school, they loved it, and left  
with **smiles** on their faces each  
day. We had a blast singing songs,  
dancing and coloring our way  
throughout the week.

we spent a lot of time getting to **know** the students throughout the week. we of course wanted to make sure they felt **comfortable** and **safe** at school. It can be overwhelming for them the first few weeks. Extra hugs are necessary!! The students have all started to make their way around the classrooms exploring all of the cool toys and materials we have for them to play with.

Although the week was busy we were able to start our very first project for their end of the year binder!!

Each child drew a self portrait answered some questions (favorite color, food, best friend, what they

want to be when they grow up, etc.) They were all weighed & measured on their first day of school!

we are very excited  
for this school year  
and all of the fun that it will bring!!

On top of all the other fun and excitement of the first week of school, we celebrated Charlie's 4th Birthday on Friday! He brought in delicious cupcakes to share with all

his classmates and passed out party hats to all of his friends!!

**HAPPY  
BIRTHDAY  
CHARLIE!!!**

**Parents please make sure you are signing  
your child in a out each day using the  
clipboard on top of the mailboxes.**

**Also please make sure that you are  
checking their mailboxes on a daily basis.**
